

POUCH NOT CAUGHT BY THE SEARCHERS

**WAUKESHA MURDERER IS
STILL AT LARGE.**

He Will Be Shot if He Resists and
Lynched if He is Captured Alive—
Mrs. Harris, the Hired Man and the
Hired Girl Still Alive But They
Will Die.

Waukesha, Wis., May 8.—[Special]—
Posses are still searching for William
Pouch, the murderer of Alexander
Harris, but he has not yet been
caught.

Mrs. Harris, McHolt, and Miss Ves-
back are still alive.

Bobby was Pouch's motive, and
after pillaging the house he rode away
on his wheel.

He will be shot if he does not sur-
render, and hanged if he does.

Harris was a well-to-do farmer, liv-
ing five miles from here, and was re-
puted to keep large sums of money in
his house at times. Pouch worked for
him last summer for a short time, and
is supposed to have had knowledge of
the hiding place used by Harris. The
house shows that he had made a very
thorough search for money.

He came to the place on a bicycle,
and, being warmly greeted, asked if
he might remain all night. He slept
with McHolt. When the men arose in
the morning he also got up and went
with them to the barn, saying he would
help them do the morning chores.

He shot both of the men from behind
while they were milking in the barn,
and the reports of the revolver were
not heard at the house. Harris died
instantly, with two bullets in his
brain. McHolt was shot in the head
and neck, and fell, apparently dead.

Pouch threw the bodies into a man-
ger, put some refuse over them, and
then laid a nice top dressing of clean
hay over it all.

He returned to the house with a
smile on his face and talked pleasantly
with the women. He asked that they
get his breakfast ready before the
men came from the barn, as he wished
to get an early start on his wheel. At
first Mrs. Harris refused, but the young
man was so good-natured that he wheedled
her into consenting. He ate heartily,
praising the coffee and the cooking.
When he had finished he rose with a
laugh at some remark of the girl,
drew his revolver and fired point blank
in her face.

Before Mrs. Harris could escape he
had turned and brought her down with
a bullet in the head. The wounded
girl tried to rise from the floor and
Pouch fired another shot at her, strik-
ing her in the back.

As both women lay quiet he thought
they were done for and began to search
for money and jewelry. While at work
he saw the girl, who had regained con-
sciousness, dragging herself out of the
doorway. He followed her and placed
her on the cellar stairs. Then he stepped
back a few paces and shot her in the
head. She dropped forward and he
left her for dead. He searched the
house a while longer and then leisurely
rolled his wheel out to the road. He
hesitated for a moment, as a man does
before mounting after a hearty meal,
and then, vaulting into the saddle, rode
slowly away.

He was seen by Nelson McHolt, the
hired man, who had revived sufficiently
to drag himself out of the manger
where he had been thrown with the
body of Farmer Harris. Desperately
wounded and satisfied that he had not
long to live, McHolt crawled out to the
road and dragged himself in the dust
to the farmhouse of Jacob Wagner, 100
yards away. He fainted when he finally
attracted the attention of Wagner,
but revived enough to tell his story
and give the name of the murderer.

Help was at once summoned, and
McHolt was carried to the house of
Wagner. In the home of Harris were
found Mrs. Harris and Helen Vesbach,
the hired girl. Both were unconscious.
The girl was fatally injured, with three
wounds in her head. Mrs. Harris also
was wounded in the head. McHolt
cannot live.

As soon as the wounded were cared
for the farmers came flocking in, and
soon there was a squad of mounted
men in pursuit of the murderer.

Late at night word was received here
that the murderer was at bay in a shed
near Lake Beulah and refused to sur-
render. Men are on guard and an at-
tempt will be made to capture him.
The sheriff's posse returned to Wau-
kesha after a hard ride, without hav-
ing obtained any trace of the fugitive.

Tramps Pillage Dayton, Mich.
Niles, Mich., May 8.—The little
town of Dayton was terrorized Friday
by a gang of fifty tramps, who drove
the inhabitants into their homes,
broke open the only store in the vil-
lage and carried away nearly the en-
tire stock. The tramps defied the po-
lice and showed fight when attempts
were made to arrest them. In the
farming districts the tramps are com-
mitting many depredations.

Fitting Monument for Soldiers.
La Moille, Ill., May 8.—A con-
demned navy cannon, weighing 16,000
pounds, and fifty projectiles have been
shipped here by the government to be
used as a soldiers' monument. The
unveiling will be on Memorial Day, the
G. A. R., National Guard and other so-
cieties taking part in the exercises.

Probing the Jamison Raid.

London, May 8.—The South African
committee of the house of commons
which is inquiring into the Transvaal
raid had another session Friday. The
Duke of Abercorn, president of the
chartered company of British South
Africa, was examined. He said the
board of directors of the company had
no knowledge whatever that the raid
was going to occur or suspicion of any
intention upon the part of any one to
use the chartered company's forces
against the Transvaal.

Cyclone Cellars for Schools.

Topeka, Kas., May 8.—Cyclone cel-
lars are being built in many school
districts in Kansas as a means of pro-
tecting the children from the dreaded
tornado. At Alta Vista and other
places the parents have agreed to take
a day from their farm work and assem-
ble at the schoolhouse to provide this
protection. At Alta Vista last summer
forty children were turned out upon
the prairie upon the approach of a cy-
clone to seek shelter where best they
could.

Gomez in Havana Province.

Key West, Fla., May 8.—There is
great alarm in Havana over the passing
of Quintin Banderas into Pinar del
Rio province. It is also rumored that
Gen. Gomez has passed from Matanzas
into Havana province, where part of
his forces protected the landing of a
large filibuster expedition. It now
looks more warlike in the "pacified"
province than it does in Santiago de
Cuba, which has not been declared
pacified.

Operation on the Czar.

Berlin, May 8.—It is stated on un-
questionable authority that the cele-
brated brain specialist, Dr. Victor
Hoersley, recently went to Russia by
order of the Czar, who continues to
suffer from injuries he sustained from
the blow of the attempted assassin in
Japan. It is not yet known, however,
whether an operation will be per-
formed, but Dr. Hoersley, who has just
returned, was absent several weeks.

Chicago Orators Get Third.

Ann Arbor, Mich., May 8.—Bayard H.
Ames again carried off the honors for
the University of Michigan Friday
night in the seventh annual contest of
the Northern Oratorical League. Mr.
Ames was tied for first place with Mr.
Wild, of the University of Wisconsin,
but won by six points in percentage.
The third place fell to M. F. Gallagher,
of the University of Chicago.

Flood Danger About Over.

Natchez, Miss., May 8.—The river Fri-
day recorded a decline of one-tenth of
a foot and the stage of water above
gives promise that a slow decline will
be shown henceforth. Some planters
who had removed their stock from the
bottoms have begun arrangements to
take it back and prepare for planting.

The Ohio Republican Convention.

Columbus, O., May 8.—The Repub-
lican state central committee has de-
cided to call the state convention to
meet at Toledo June 23 and 24. It is
practically settled that Gen. Grosvenor
will be temporary chairman.

Sawyer Crushed to Death.

Decatur, Mich., May 8.—Hannibal
Doty, head-sawyer in a mill at Water-
vliet, was crushed to death between
two logs.

THE TRADE REVIEW

BY DUN & COMPANY

**BUSINESS CONDITIONS ARE
ENCOURAGING.**

Sales For April Only Ten Per Cent
Less Than For the Same Month
in 1892—Cotton Crop Prospects—
Failures Are Less During the Past
Seven Days.

New York, May 8.—R. G. Dun &
Co.'s Weekly Review of Trade says:
Nearly all will be astonished to learn
that actual sales in April by leading
houses in each line of business in the
principal cities east of the Rocky
Mountains average only about 10 per
cent less than in April, 1892, the year
of the largest business hitherto, and
were 6 per cent more than in the same
month last year. Yet this is the sum-
mary of 357 reports, each covering ac-
tual sales of leading merchants in a
line of business in one of fourteen
cities. They are especially encourag-
ing in view of the great fall of prices
within the five years and with ex-
ceptional floods and other retarding in-
fluences this year. Moreover, returns
of failures for April by branches of
business, given only by the mercantile
agency, show decrease in number,
amount and average of liabilities in
almost every branch of trade and in
nearly all branches of manufacture ex-
cept cotton, though failures of five New
Bedford mills for 1890, 734 make the
total defaulted liabilities for the month
40 per cent larger than last year, 60
per cent larger than in 1895, and 32
per cent larger than in 1894. The value
of reports tracing failures to particu-
lar lines of business is impressively il-
lustrated.

Crop prospects are a little better for
cotton because of the passing of floods
and the increase of acreage elsewhere
and for spring wheat because the cus-
tomer accounts of injury to winter
wheat begin to appear and stimulate
larger sowing of spring wheat as usual.
The wheat market declined two cents
until Tuesday then rose one and one-
half cents. Liverpool speculations lifted
cotton to seven and three-quarter
cents, but it has lost a sixteenth and
the consumption in manufacture does
not appear to be increasing.

The demand for cotton goods has not
met expectations, and neither the pro-
longed curtailment of production by
many mills, the large distribution of
goods since November nor the great
auction sale has yet sufficed to reduce
the surplus of goods. The same is true
of wool manufacture in many branches,
for orders and sales thus far do not
call for as large production as appears,
though it is yet much below the maxi-
mum, but the increasing demand has
been encouraging.

The anticipation of better prices and
great increase in demand pushed pro-
duction so far in iron and steel man-
ufacture that four furnaces in Eastern
Pennsylvania and others in the Pitts-
burg region and Ohio have stopped.
Yet the structural works are well em-
ployed on old orders, with orders com-
ing in, one of 20,000 tons for the Mon-
treal bridge and others at the East and
at Chicago. The rail works are all
busy on orders taken months ago,
though there are efforts to revive the
pool.

The visible supply of tin has in-
creased 3,000 tons in April, and the
price is a shade lower at 13.25 cents.
The heavy sales of lake copper are be-
lieved to cover some large consumers
for most of the year.

Failures for the week have been 221
in the United States, against 238 last
year, and 36 in Canada, against 24 last
year.

Three Chicago Men Indicted.

Chicago, May 8.—Indictments were
found by the grand jury yesterday
against these men: Charles W. Wal-
ters, ex-grain inspector, for perjury
while a witness before the grand jury.
Dwight W. Andrews, ex-grain inspec-
tor, for embezzlement. Benjamin F.
Jenkins, former cashier of the grain
inspector, for larceny and as accessory
after the fact. Andrews was indicted
once alone and three times in connec-
tion with Jenkins. Jenkins has three
indictments to answer, all of them
jointly with Andrews. The former will
be required to furnish bail in the sum
of \$15,000 and the latter \$9,000. Neither
man is in the city, but Andrews when
last heard from was at Owatonna,
Minn., while Jenkins is said to be in
Joplin, Mo.

Signs Anti-Trust Bill.

Albany, N. Y., May 8.—Gov. Black
has signed the so-called anti-trust bill.
The bill applies to foreign as well as
domestic corporations, requiring an-
nual reports as to the amount of their
capital stock and the proportion ac-
tually issued. Gov. Black also gave
a hearing on the anti-scalper bill. It
is understood he will sign the meas-
ure.

President Gompers Is Sustained.

Cleveland, Ohio, May 8.—At the con-
vention of the International Bakers the

called baking trust. A resolution pro-
testing against the re-election of
Samuel Gompers as president of the
American Federation of Labor was de-
feated.

SULTAN'S SOLDIERS

ADVANCE ON VOLO

**OTTOMAN FORCES MAY CAP-
TURE THE TOWN.**

Greeks Are Utterly Unable to Offer
Any Effective Resistance—Rumors
of a Cabinet Crisis—Royal Family
in Danger—Appeal to the Czar of
Russia—Other War Notes.

Athens, May 7.—The Turkish forces
have reached the outskirts of Volo, and
its capture is only an affair of a few
hours, as the defenses on the land
side are very feeble.

The Greek fleet has been instructed
not to hinder the entrance of the Turks
in order to save the town from destruc-
tion.

An engagement began early today
near Velesino, and lasted several
hours, the Greeks being finally beaten
back. They retreated upon Volo,
sharply pursued by the Turks.

The whole length of railway con-
necting Trikala, Velesino and Larisa
is now in possession of the Turks.
The second general flight of the Greek
army now shows plainly that they will
refuse to fight a pitched battle, but
their method of conducting a cam-
paign is difficult to understand.

Gen. Smolenski's brigade reached
Almyros at 11 o'clock this morning,
after its retreat from Velesino. An-
other portion of the Greek forces has
retreated by the coast road to Almyros,
from which point it will probably be
conveyed by sea to Lamia and rejoin
the rest of the army at Domokos.

The retreat to Domokos is regarded
by some as a strategic movement dic-
tated by prudence. It is generally felt
that Gen. Smolenski's defense of Veles-
tino has vindicated the reputation of
the Greek army and wiped out the dis-
grace of Mati and Larissa.

It is persistently rumored that a
cabinet crisis is impending. M. Ralli
and his colleagues advocate energetic
preparations to continue the struggle,
while the king desires to avoid further
bloodshed. It is said that if the pow-
ers insist on the withdrawal of the
Greek troops from Crete as a condition
of mediation Greece will reply that she
prefers war even to extermination.

The position of royalty seems to be
more perilous than ever. The mem-
bers of the royal family rarely leave
the palace, and their portraits have
been withdrawn from public view.
When the queen and princesses visit
the hospitals they are openly insulted
in the streets. The palace is watched
by revolutionary agents lest their ma-
jesties should attempt to flee the coun-
try. It is said that Turkey is really the
chief hindrance to the powers propos-
ing mediation, as the porte claims the
right to finish the war in the ordinary
way.

The Greeks at Domokos and Almyros
will probably join forces at Lamia and
go together by a new road to Mustapha
Bey pass, where the next big battle
should occur, though it is officially
stated that a stand will be made at
Domokos. Thermopylae will doubtless
be left to the fleet.

Great skill is displayed in the
strategy of the Turks. Four divisions
from Trikala and Larissa are being
simultaneously concentrated at Pharsala.

Appeals to the Czar.

Berlin, May 8.—The Lokai Anzeiger
says that the king of Greece has for-
mally asked the mediation of the em-
peror of Russia. It asserts that the
question of abdication turns on finan-
cial considerations. When King George
came to the crown it was agreed that
if deposited he should have an allowance
of £24,000 yearly, but only one-third of
that amount if he should abdicate.

Ordered to Strike Domokos.

Constantinople, May 8.—Orders have
been telegraphed to Edhem Pasha to
push on to Domokos immediately.

Fear Americans Were Burned.

Easton, Pa., May 8.—The officials of
the National Switch and Signal com-
pany, whose big works are located
here, are alarmed for the safety of
President Oakleigh Thorne and Mrs.
Thorne, who have been in Europe for
some time. They were due at Paris
on Monday, and were to have visited
the charity fair. No word has been re-
ceived from them since the fire, and
their friends here are fearful lest they
should have been in the ill-fated build-
ing at the time of the fire.

Attempted Murder and Suicide.

Indianapolis, May 8.—Christopher
Nickels, a laborer living in West In-
dianapolis, made a murderous attack
on his wife, from whom he had been
separated, Friday morning, then fled
to the banks of Eagle Creek, took a
dose of poison, and lived only long
enough to tell it to the police, who
found him lying there after a three-
hour chase. Mrs. Nickels was cut in
the face, on the breast, thigh and head.
She caught her husband's hand, and
while her injuries are very serious, she
will recover.

Barnard College Given \$140,000.

New York, May 8.—At the annual
meeting Friday afternoon of the trust-
ees of Barnard college George A.
Plimpton, the treasurer, announced the
gift by Mrs. Josiah M. Fiske of \$140,000
to complete the college building on
Morningside Heights.

**RAILROADS OFFER TO BUILD A \$500,000
LEVEE IF ALLOWED TO LAY RAILS.**

New Orleans, La., May 8.—The Illi-
nois Central and Texas & Pacific
railroads have united in a levee offer
to New Orleans and the Orleans levee
board that will probably be accepted,
and if accepted will render the city ab-
solutely safe against all future floods
in the Mississippi. The railroads agree
to build a levee along the upper front
of the New Orleans from Louisiana to
the boundary line and thence along the
boundary to the Metairie ridge. The
levee will be seven or eight miles long,
twenty feet wide on top and five or
six feet above the highest water ever
known in the Mississippi and will cost
from \$500,000 to \$600,000, the railroads
not only to build the levee, but to
maintain it for all time. In return for
this work the city is to allow the rail-
roads to build and operate as a belt
line a double track on the top of the
levee.

THE ASSETS WILL SHRINK

**It Is Believed Sheldon's Creditors Will
Not Get Over 10 Per Cent.**

Paxton, Ill., May 8.—When Judge
Raymond, of Watseka, Ill., raised the
assignee's bonds in the estate of J. C.
Sheldon, banker at Loda, to \$250,000,
Miss Ada Willis resigned, and the judge
appointed E. C. Hamilton, of Watseka,
assignee. Miss Willis reported assets
of \$150,000, and more than one-third of
this amount in trust funds. The best
judges estimate that not more than \$35-
000 to \$40,000 can be realized from the
assets, and that creditors will realize
not more than 10 cents on the dollar.
George H. White, president of the Kan-
sas City board of trade, says Sheldon
owed him \$55,000 and that he holds \$10-
000 of his insurance.

THE DUC D'AUMLE IS DEAD.

**Another Prominent Victim of the
Recent Paris Fire.**

Paris, May 8.—The Duc d'Aumale
died yesterday at Zuccas, Cicely, of the
shock he experienced upon hearing of
the death of the Duchesse d'Alemon.
The Duchess d'Alemon was one of
the victims of the recent fire in the
charity bazaar at Paris, which caused
the deaths of more than 150 people, the
greater number being society women.
The remains of the duchess were so
badly burned that her dentist was the
only one who could identify the body.

HE BREAKS WORLD'S RECORDS

**Welsh Cyclist Makes a Great Perform-
ance at Memphis.**

Memphis, Tenn., May 8.—Jimmy
Michael, middle distance champion cy-
clist of the world, Friday night dis-
posed of Floyd McFarland in a ten-
mile match race, incidentally breaking
six world's records in the journey—
three, six, seven, eight, nine and ten
miles. His three-mile record is 5:54 2-5,
breaking Becker's mark of 5:55. From
six on up he broke McDuffie's records,
which were established in a match race
at Cambridge Park track last Septem-
ber. The new six-mile record is
12:00 4-5; seven, 14:04 1-5; eight,
16:05 3-5; nine, 18:05 1-5; ten, 20:08 2-5,
breaking the old record of 20:18 3-5.

Bartley's Bank Is Closed.

Atkinson, Neb., May 8.—The Ex-
change bank of Atkinson was closed
Friday by the state banking board.
Assistant Cashier V. W. McDonald
says the bank is solvent and in a posi-
tion to pay all depositors on demand.
This is ex-State Treasurer Bartley's
bank, and it is said the state expects
by the closing of the bank to recover
between \$50,000 and \$60,000 of the
money withheld by the ex-state treas-
urer. The state claims it has a first
lien on the assets over and above all
other creditors.

May Stop All Work.

Anderson, Ind., May 8.—State offi-
cials have begun proceedings against
Lima, Ohio, oil prospectors in this vi-
cinity on the ground that they are
causing a waste of natural gas, a viola-
tion of the law of 1893. The real is-
sue is between the gas consumers all
over the state, who have organized
against the oil men. The oil operators
have formed a defensive organization,
and will fight the case through all the
courts if necessary.

Princeton Debaters Defeat Yale.

New Haven, Conn., May 8.—Prin-
ceton won the debate with Yale Friday
night. The subject was: "Resolved,
that the power of the speaker of the
United States house of representatives
is detrimental to public interest." Yale,
speaking for the affirmative, was re-
presented by Edward Hicks Hume, Herbert
W. Fisher and Edward L. Smith.
Princeton's argument for the negative
was made by H. H. Reeves and R. F.
Sterling.

period, on any track, and for any sum
over \$500 that Cooper may select.

divided into the following subjects: superintendent and teachers' salaries, janitors' salary, insurance, repairs, chemical department, manual training department and fuel, so as to enable the board to ascertain the amount needed for the ensuing year.

Superintendent Mayo said that C. S. Jackson would donate two cases of birds to the museum, and they were accepted.

The committee on teachers was instructed to report at a special meeting of the board, to be held Thursday evening, May 20, Spring Brook School Plan.

Commissioner Cunningham, of the special committee appointed to investigate the needs for a school building in Spring Brook addition, said that Aldermen Miltimore had been interviewed by a number of parties in that locality. Commissioner Cunningham had been seen by a number, and he thought the board ought to consider the question and pass upon it. Alderman Miltimore had secured the option on an acre of the Bailey property on Eastern avenue for \$300, the option to hold good until July 1. The matter was discussed at some length, and the board finally decided to pay a visit to the property on Monday and investigate.

Superintendent Mayo said that the books belonging to the Rock County Library association and which have for a number of years been kept in the county treasurer's office, the treasurer acting as librarian, would be donated to the High school by the association. On motion the books were received, it being announced that the boys in the manual training department would make the case. Adjournment was then taken.

CIGARETTE LAW NOW IN FORCE

Dealers Will Now Take Notice, and Bar Out "the Kids"

There is a mistaken impression on the part of a good many dealers that the legislature killed all bills that were introduced for the purpose of restricting or regulating the cigarette traffic. In fact a bill was passed which prohibits the sale of cigarettes or cigarette paper to minors.

This bill, which was approved by Gov. Scofield April 23, constitutes chapter 320 of the laws of 1897. It provides that any person who shall sell, traffic in or give away any cigarettes or cigarette paper in any quantity whatever, to a minor under the age of twenty-one years, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished thereof by a fine of not less than \$5 nor more than \$25 for each offense, besides the cost of suit, or by imprisonment in the county jail of the proper county not less than five days nor more than thirty days. In case of a second offense the court may make the fine \$100 with a minimum of \$25, or send an offender to jail for three months.

As minors purchase the bulk of all cigarettes sold, the rigid enforcement of this law will make a marked difference in the extent of cigarette smoking in Wisconsin.

ELECTION CASE NOW IN COURT

Janesville Attorneys Commence Action in the East Troy Matter.

The "East Troy election case" is now in court. O. S. Canright, by Fethers, Jeffries, Fife and Mount, his attorneys, brings an action in the name of the State of Wisconsin against Frank L. Fraser and for a cause of action alleges that he, O. S. Canright, received the greatest number of legal votes cast for the office of chairman of the town board, at the election held in the town of East Troy on April 6, 1897, and that the defendant, Frank L. Fraser, does unlawfully hold the office of chairman. Dr. Canright further alleges upon information and belief that said Fraser did not receive more than 203 votes of the 207 granted him by the canvassing board and that he, the plaintiff, received 206 votes, hence is entitled to the office.

Illegal Voting Charged.

Dr. Canright will claim, as cited in the complaint, that Edward Boledor voted illegally for said defendant, as he was interested in a bet or wager depending upon the result of such election, and was wrongfully permitted to vote. The relator also further alleges, upon information and belief, that there was counted for defendant upon the canvass two ballots on which no one was voted for as chairman, but that these votes were counted for Fraser, and that said Fraser was wrongfully and illegally announced as elected, and is now holding the office, to which he is not entitled.

The above are the principal points in the complaint which was filed in the clerk of the court's office. Mr. Fraser has twenty days from May 8 to answer the complaint, as the summons was served on him that day by Sheriff McMillen. Mr. Fraser will be represented by D. B. Barnes, and the case will be closely contested.

That Tired Feeling

An exceedingly common and dangerously significant condition. A warning which must be heeded, or, as with the express train which fails to regard the danger signal, disaster must follow.

A sure indication of thin, weak, impoverished blood. A certain admonition that the blood is not properly feeding the nerves, tissues and organs of the body.

An imperative demand for the tonic, vitalizing effect of Hood's Sarsaparilla upon the blood.

Weak, nervous, tired men and women are found everywhere. Men strive too hard to "keep their ends up," women too anxiously work "on their nerves" to meet the demands of home and society, all have too little sleep, and the excessive drain on strength and nervous energy will soon completely ruin health.

The strength must be built up by pure blood, and the nerves must also find in pure blood the proper nerve food. For this purpose nothing equals Hood's Sarsaparilla.

The thousands of wonderful cures it has accomplished, the like of which no other medicine and no combination of medicines can show, prove its curative merit; prove that it has never been equalled as a blood medicine; prove that Hood's Sarsaparilla is indeed the ideal spring medicine, the best nerve and stomach tonic, the one true blood purifier.

"I was feeling tired all the time, as tired in the morning as I was at night. I began taking Hood's Sarsaparilla and it has helped me so that I have no such feelings now. My little girl suffered with pain in her stomach, but Hood's Sarsaparilla has cured her." JAMES T. MANN, Hubbardston, Mass.

Weakness and Loss of Appetite.

"Last spring my little girl had no appetite and was weak. I gave her one-half bottle of Hood's Sarsaparilla, which cured her. We will now take no other medicine but Hood's Sarsaparilla, and recommend it to everyone for weakness and loss of appetite." WM. F. HANES, Brysonia, Pa.

All Tired Out.

"My husband was all tired out and run down in health. He felt the need of something to build him up, and he began taking Hood's Sarsaparilla and Hood's Pills and the result was very satisfactory. We regard Hood's Sarsaparilla and Hood's Pills as excellent medicines." Mrs. H. L. MOWRY, Towanda, Pa.

Tired and Worn Out Feeling.

"I have been taking Hood's Sarsaparilla and cannot say too much in its favor. It has done me more good than any medicine I have ever tried. I have advised my friends to use it for a tired and worn out feeling, as I know that it gives relief." WILLIAM T. HURDLE, Hollyville, Del.

Hood's Sarsaparilla

Senator Picardi expressed satisfaction at the activity of Baron Fava, and urged the government to persist in protecting Italian interests, especially with the view of securing commercial arrangement should the new tariff be enacted.

FIFTEEN YEARS OF SUFFERING.

The Doctors Wanted Seven Hundred Dollars to Attempt the Cure.

The following is a letter we received a short time ago from Mrs. M. C. Hinkley, 602 North Mississippi St., Indianapolis, Ind.

Gentlemen:—While suffering intensely from piles, I became interested in your advertisement in one of our daily papers and procured a package of your Pyramid Pile Cure from our druggist. Contrary to my expectations, the relief was instantaneous. I used two boxes of the Pile Cure and one of the Pills and am convinced that they are the only sure cure for piles on the market. I have been a sufferer from piles for fifteen years and have been confined to my bed about one-half of the time, expecting and wishing for death for the pain was so great. I went to the college here and the doctors said my case was a new one to them, the great pain having brought on a large rupture, which they wanted seven hundred dollars to cut out. I was very much afraid that death would result from the blood-poisoning which they said would result from the operation. I feel as though I can't praise the Pyramid Pile Cure and the Pyramid Pills too highly, as I am convinced that they saved my life. Before using your cure I weighed only ninety pounds and now I weigh one hundred and fifty and feel as well as I ever did in my life. You are at liberty to use this testimonial in any manner you may see fit, as I want all sufferers from this terrible disease to know that there has at last been compounded a remedy that will cure piles.

MRS. M. C. HINKLEY.

There is no need of the danger, pain and expense of a surgical operation for any form of piles. The Pyramid Pile Cure does the work without pain and is the safest and best. Remember also that the Pyramid Pills are a certain cure for constipation, acting without griping and restoring natural action to the bowels.

The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00, and the Pyramid Pills at 25 cents, or by mail from Pyramid Co., Albion, Mich.

MANY CASES-AT-LAW WERE HEARD TODAY

BOTH THE COURTS WERE KEPT BUSY.

The Simms-C. & N. W. Railway Insurance Case Before Judge Bennett—Other Matters in Circuit Tribunal—Note Suit Heard by Judge Phelps of Municipal Court.

This was a busy day in the courts. In the case of George Sims vs. the Mutual Fire Insurance Company et al, on reading and filing the stipulation of the plaintiff and the defendant "O. & N. W. Railway Company, the court ordered that said action against the Railway company be dismissed without costs. On the motion to strike out the second amended complaint, with Attorney John Winans appearing for the defendant insurance company and Attorney M. G. Jeffris for the plaintiff, the court ordered that the plaintiff's complaint as served on Nov. 24, 1896, be allowed to stand and that said defendants' motion be dismissed. The title to this action will stand as "George Sims vs. The Mutual Fire Insurance Company of the town of La Prairie."

In the case of Jane McWay vs. Anna Snyder et al, the court ordered that Charles E. Pierce be appointed guardian ad litem.

In the case of John W. Richardson vs. George G. Sutherland et al, Attorney John Nichols, on the part of the plaintiff, filed an affidavit for a change of venue, but the court ordered that the said motion be denied until other orders of the court, that are now pending may be complied with.

Note Case Before Judge Phelps.

A note that involves \$348.05 formed the basis for a law suit that occupied the attention of the municipal court this morning. The suit was the case of Sutter Bros. vs. Blanche Tallard. The plaintiffs are well known wholesale leaf tobacco dealers in Chicago, while the defendant formerly conducted a cigar factory in Edgerton.

In June, 1895, Sutter Bros., sold a quantity of tobacco to Charles Tallard and his wife Blanche, the bill amounting to \$315.70. They received in payment a note given by Tallard, indorsed, it is said, by his wife. The question now is who is responsible for the payment of this note. Mrs. Tallard claims that she is not, and defends the action, claiming that the note was not given for the benefit of her separate estate, while the law on the subject says that unless it was given for the benefit of her separate estate she is not liable for its payment.

Sutter Bros. claim that Mrs. Tallard owned and was running the business at the time the note was given and that for that reason she is liable. The note, with interest, now amounts to \$348.05.

The case was adjourned till Monday, May 10, Sutherland & Nolan are representing the plaintiffs, while the defendant is represented by Winans & Russell.

WEDDING A SURPRISE TO OSHKOSH PEOPLE

MYERS-MCMILLAN ANNOUNCEMENT UNEXPECTED.

Residents of the Sawdust City Did Not Know the Bride Had Secured a Divorce From Her Second Husband—Visited Here For Some Days.

It now transpires that Oshkosh people were much surprised at the announcement of the Myers-McMillan nuptials.

Twice before she has thrust her head through the matrimonial yoke, and her two children, by her first husband, now live at the home of her father-in-law at the Sawdust City.

Mr. and Mrs. Myers spent several days in Janesville before their wedding, and viewed the city and the various buildings owned by the Myers estate. Afterward they returned to Chicago, where they were married.

The Oshkosh Northwestern says "Oshkosh people will be considerably surprised to learn that there has been issued at Chicago, Wednesday, a marriage license, naming Peter L. Myers and Jessie McMillan as the principals. The age of Mr. Myers is given as 28 and that of Miss McMillan as 27.

A dispatch from Janesville conveys further information to the effect that Peter L. Myers, son of the late Peter Myers and formerly manager of the Myers Grand opera house of Janesville, now a resident of Chicago, was married Wednesday to Miss McMillan, daughter of an Oshkosh millionaire.

Miss McMillan is a well known Oshkosh girl, adopted daughter of Robert McMillan. Several years ago she was married to Clayton Quaw, an Oshkosh gentleman. Two children were the result of this union and they were adopted by Robert McMillan and are now in this city. The couple was divorced a few years ago and Mrs. Quaw, who assumed her maiden name, was soon afterwards married to Guy C. Radford of Milwaukee, general agent for the Smith Premier Typewriter company. Mr. and Mrs. Radford took up their residence on High street in this city after their marriage, but they afterwards removed to Chicago. Now comes the announcement of Miss McMillan's marriage to Mr. Myers. Few people here were aware that she was divorced from Mr. Radford.

GENERAL DOE AND THE DESK

The Chicago Chronicle Prints a Story From Washington.

A Washington dispatch to the Chicago Chronicle says: "Among the most valued and hitherto most carefully guarded of the United States relics in the war department was what was known as the Jefferson Davis desk. This was the desk at which the celebrated confederate leader sat and attended to public business when he was secretary of war.

"Now the desk is gone. So is Ex-Secretary of War Doe, to whose care the desk was especially commended when he received his appointment. It was somewhat shabby at that time, but not the less cherished as a war time relic. Mr. Doe called in a department carpenter and had him fix up the desk in first class style. It was admired all the more and remained in its place until it was time for Mr. Doe to pack up and return to Wisconsin. Since then no trace of it has been found. "Another piece of war department furniture is also missing. This is \$200 wardrobe which was made according to Mr. Doe's special instructions."

LOCAL BALL TEAM BEATEN

Madison High School Played Too Fast a Game For Them

Madison, Wis., May 8—[Special]—All the yelling that the Janesville delegation could do at Madison this morning, failed to shield the Janesville team from defeat, and at the end of the ninth inning the score stood 13 to 3 in favor of the Madison High School team. Check, the whirlwind pitcher of the Madison team, was a trifle too speedy for the local boys. Otherwise the game was a good clean one. It was witnessed by a good sized crowd. The contest took place at 10:30 o'clock this morning at Camp Randall. The home team will return this evening at 7:30 o'clock. The team was composed of the following players: Roy Palmer, John Whiffen, Henry Scott, Fred Palmer, Henry Carpenter, Len Matthews, Henry Casey, William Dougherty, William Weisend and Hugh Hemmingway, manager.

STAIN IDENTIFIED BY THE OFFICERS

MAN CAUGHT BY SHERIFF ACHESON OWNS UP.

Proprietors of a Store at Oak Center Identifies the Goods Taken From His Place and Found on the Person of the Accused—Taken Back Today.

When Sheriff T. L. Acheson arrested Frank Stain in Peter Sherer's second hand store on suspicion that Stain was a thief, he made no mistake.

In a cell in the Rock county jail this noon, Sheriff Shafer of Fond du Lac county, identified Stain, while M. D. Wells, an Oak Center merchant, identified the jewelry that was found on the prisoner, as the goods unknown burglars stole from his general store ten days ago. Stain then broke down and practically confessed all.

Wells is a prosperous merchant who has been in business for years at Oak Center. Ten days ago burglars gained an entrance into his store and after ransacking the place from one end to the other, left, taking all the jewelry in the place with the exception of one watch charm. It now seems that two men did the job, and Stain's partner, after getting his share, made for another part of the state but was captured. Stain came directly south, and arrived in this city the middle of this week. He went to Sherer's second hand store where he tried to dispose of a ladies gold watch and twenty watch charms. Sheriff Acheson heard of the offer, and Mr. Stain not being able to explain matters, was landed in jail.

With his hands shackled together, the prisoner in charge of Sheriff Shafer left on the noon train for the scene of his recent crime.

Arthur Robinson, who, it is alleged, burglarized G. H. Errege's store, was brought into the municipal court this afternoon. He waived examination, and his trial was set for May 14, and in default of \$600 bail he was remanded to jail.

A 16-Year-Old Girl has Nervous Prostration

THE REVIVIFYING EFFECTS OF A PROPER NERVE FOOD DEMONSTRATED.

From the Era, Bradford, Pa.

Several months ago, Miss Cora Watrous, the sixteen-year-old daughter of Mr. L. C. Watrous, a locomotive fireman, of 61 Clarion Street, Bradford, Penna., was seized with a nervous disorder which threatened to end her life. The first symptom of the ailment was a loss of appetite. For some little time Miss Watrous had no desire to eat and complained of a feeling of extreme lassitude. This was followed by severe pains in the head. For three weeks the young lady was nearly crazed with a terrible headache and nothing could be procured to give her relief. Finally, after trying numerous remedies, a physician was called and began treating the patient. He said the trouble was caused by impoverished blood, but after several weeks of his treatment the young lady's condition had not improved and the parents decided to procure the services of another physician. In the meantime Miss Watrous' nervousness had increased, the pains in her head had grown more severe and the sufferer's parents had almost given up hope of her recovery.

It was at this time that Mr. Watrous heard of Dr. Williams' Pink Pills for Pale People. He found that the pills were highly recommended for nervous disorders and concluded to give them a trial. A box of the pills was purchased and before they had all been taken there was a marked improvement in the girl's condition. After a half dozen boxes had been used, the young lady's appetite had returned, the pain in her head had ceased and she was stronger than at any time previous to her illness.

Miss Watrous concluded that her cure was complete and left home for a visit to relatives in the grape country near Dunkirk, N. Y. She stopped taking the medicine and by over-exertion brought the ailment back again. As soon as the returning symptoms were felt, Miss Watrous secured another box of pills and the illness was soon driven away. She is now in better physical condition than she has been for years and declares that she owes her life to Dr. Williams' Pink Pills.

Mr. and Mrs. Watrous were interviewed by a reporter at their home on Clarion Street. Both are loud in their praises of Pink Pills. "My daughter's life was saved by the medicine," said Mrs. Watrous. "Her condition was almost hopeless when she commenced taking them, but now she is as strong and healthy as any one could be. I cannot recommend the medicine too highly."

An analysis of Dr. Williams' Pink Pills shows that they contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexion, all forms of weakness either in male or female, and all diseases resulting from vitiated humors in the blood. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box, or six boxes for \$2.50—(they are never sold in bulk or by the 100) by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

Rock County Fruit.
 Avoid disappointment in small fruit raising by taking varieties grown in soil and climate similar to your own. Illinois, Michigan and New York varieties seldom give the best result here for the first two seasons. Try stock grown in Rock County.

VARIOUS NOTES.

Ruffles Wide and Narrow—Gauze and Lace Over Colored Silks.

Fashion authorizes many styles for skirts. There are to be plain ones with ribbons and insertions arranged flat upon them and forming chevrons, interlacings, points, scallops and other designs. Trimmings encircling the skirt half way up are in favor, as are quilts. The applications of ribbon are often enriched by an edging of beads or of gold, silver or steel cord. A narrow ruffle of white lace is sometimes employed for the bordering. The skirt trimmed with ruffles is not less varied in its treatment. The founcees are narrow, medium and wide, all of the

LITTLE GIRL'S GOWN.

same width sometimes, at other times the narrow and wide alternating, or they are graduated in size. Some have headings of the same material, or of gauze or silk, or the heading is replaced by a band of insertion, a ruche or a puff. The lower edge of the ruffle may be trimmed also in similar ways or left plain.

As usual, the style of trimming gowns influences the adornment of petticoats. On the latter will be found all the varieties of decoration already mentioned. Silk petticoats have ruffles of the same goods, of mousseline de soie, crepe de chine or lace. These are enriched by the addition of bows. Black gauze and black lace are used very effectively on straw, maize and mauve silks. Black and white costumes are likewise in high favor, and ornaments of white silk and satin are still enjoying a decided vogue for cloth garments for out of door wear.

It is still not only permissible, but desirable, to have bodices differing from the skirt for many costumes. This useful fashion will prevail during the summer.

Today's sketch shows a little girl's gown of poppy red tannine made over a lining of red silk. The skirt, which is gathered at the waist, is trimmed at the lower edge by a ruche of black mousseline de soie, surmounted by a narrow embroidery in black. The stretched bodice of tannine is embroidered with black and has a full guimpe of black satin. The close sleeves of black satin have small puffs of red tannine. The narrow belt is of black satin.

How He Arranged It.

"Yes," said the great author, when the question was put to him, "I do practically all my work on the typewriter. I find it a great help."

"But can you compose as well with the machine as with a pen?" inquired the interviewer.

"Quite as well, and the execution is much better."

"Didn't it interfere very materially with your literary work when you were learning to use it?" persisted the interviewer.

"Not at all," answered the great author. "To be sure, I hit the wrong keys and made what seemed to be considerable of a mess of two or three of my stories, but I sent them to my publisher just as they were and they made my reputation as a dialect writer." — Chicago Post.

IN THE NICK OF TIME.

Quick Thought, Strong Nerve, and Determined Resolution on the Part of the Indians save Many a Life.

A Few Feet Only Between the Black Chasm of Death and the Unconscious Victim. The Indian's Knowledge of Nature and Nature's Laws Embodied in the Remedies which have Helped Him to Maintain for Centuries a Body That Lives for Years and Knows no Pain.

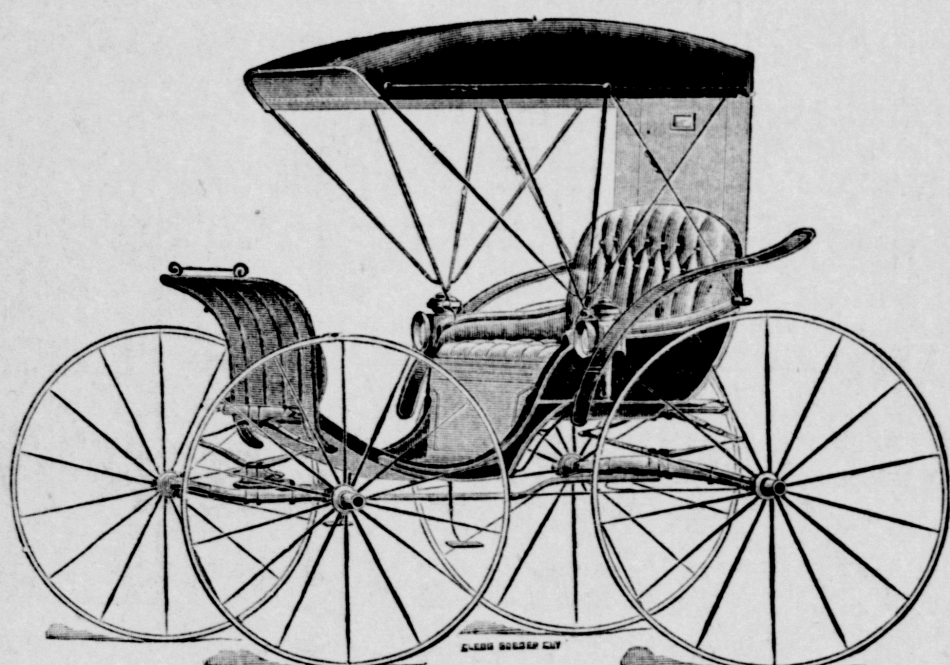

Where the white man to-day, in his ignorance and his inability to correctly interpret Nature would madly drive his horse over some yawning chasm that is invisible to the casual observer, the plunge into whose depths meaning instant death, the Indian would have felt its presence, for the Indian has ever been given a marvelous insight into the hidden secrets of Nature. She has shown to him her pitfalls and has likewise taught him not only to avoid these, but has taught him her own secret ways of restoring health and prolonging life when her laws had been disregarded by them, her children. Just as surely as the Indian would today use his strength and energy to save a white brother toppling on the edge of a precipice, could he be at hand at the critical moment, just so surely is due to the red man the gratitude of thousands of lives saved by the use of these same remedies whose secret, centuries ago, he learned from Nature herself. The Kickapoo Indian Rem-

edies to-day are made in identically the same manner as they were made by the Indian ages ago. The Indians' instinct taught them to extract these medicines from the roots, herbs, barks and gums of the forest. This instinct was of more value than the greatest knowledge acquired from books by the most learned scholars. Generations of long and healthy lives have proved the wonderful effect of the Indians' medicines, and as we to-day have the privilege of buying these same remedies, the same long life and health which characterize the Indian is ours for the asking. Kickapoo Indian Remedy was ever and still is, the greatest known blood purifier as well as a cure for all afflictions of the stomach, the liver and the kidneys and all derangements resulting from a disordered condition of these organs. This, with the other remedies, you can procure of your druggist. They are recognized not only by hundreds who owe to the Kickapoo Indian Remedies their health, as being invaluable, but by druggists everywhere, as being the most important medicines which they are called upon to dispense. A well known druggist in this connection writes: "Treston, Minn., to the Kickapoo Indian Medicine Co., Gentlemen:—Mine is the oldest drug store in the county and I think sells more goods than any other house in the county. I have a large sale of all your goods and they invariably give perfect satisfaction. I can most truthfully and honestly recommend them to the public. No medicine has ever been introduced here that holds its own as well as do the Kickapoo Indian Remedies. Yours truly, James B. Tibbets." The above shows exactly the feeling of the men who handle these remedies. We have thousands of letters of gratitude from people who have been cured by their use. If you are afflicted, send to us for our pamphlet entitled "The Kickapoo Indian Doctor," which will be mailed to you free, and is filled with useful information describing symptoms of diseases, their treatment and their cure. For this, address the Kickapoo Indian Medicine Co., New Haven, Conn.

A Special Sale of Large Size Dinner Napkins

\$1.49 per Dozen.

We have secured at our own offer 100 dozen of full size DINNER NAPKINS. They are a beautiful quality of the double damask, fine and heavy, and warranted all pure linen. They are as good a Napkin as we ever sold over our counter for \$2.50 a dozen, and in the ordinary way would be considered bargains at that price. It is our candid opinion that they cannot be matched in any Janesville store for \$2.50, and are quite sure you will agree with us when you see them.

We bought them at about half price and for that reason we shall give our customers---as we always do---the full benefit of our purchase.

There are only 100 dozen of them: ten beautiful patterns of ten dozen each. When they are gone that ends it. Better come at once if in need or going to be in need of Napkins for the next year.

Stop and think! Did you ever buy a large, fine Dinner Napkin at \$1.49 a dozen? Your own good judgment must tell you that these are bargains.
